weddings

where innovation adapts to your wedding design

Are you searching for a unique venue for your wedding, something that adapts to your design, to your special vision for your big day? Blanc is Denver's newest and most versatile event space, conveniently located in the heart the city, yet miles away from anything expected.

Features of blanc's versatile wedding space:

- All Blanc weddings are one of a kind—your design, your vision, done your way! We are committed to helping you create an event that is as unique as you are.
- From the design of the venue to the philosophy of our staff and vendors, blanc is all about versatility. We love new ideas and relish the challenge of helping you create your ideal wedding day.
- Inside, you have the option to hold a ceremony in our distinctive Innovation Room, with a reception in the adjacent Gallery. Or open the space up and flow outdoors for one big party!
- During the warmer months, blanc's outdoor courtyard offers an alternative ceremony, dining or dancing option. Celebrate under the stars, surrounded by the bright lights of the big city.

Blanc is ideal for wedding ceremonies and receptions with 150 or fewer guests. If you hold your ceremony elsewhere and use Blanc for the reception only, the facility can comfortably accommodate up to 150 guests for dining or exceeding 200 in a variety of configurations.
