The Burleigh offers two wonderful areas for families to share a meal together with a formal dining room and a large breakfast area off of the kitchen. The owner's suite features dual walk-in closets with a sitting area created by an optional bay window. A separate bedroom at the front of the house offers privacy and can also be configured as an optional study with double French doors. The second level of the Burleigh offers a variety of choices, including a layout for two large bedrooms, a full bath and a huge loft with over 800 square feet of finished space.
