Introduction

U.S. Patent No. 8,322,764

U.S. Patent No. 8,746,767

U.S. Patent No. D640,420

U.S. Patent No. D637,007

Mag-Lok Tool System is the world's first fully functional, Interconnectable Long Handle Tool System capable of standing up to the rigors of commercial/industrial use as well as convenience for home use.

Mag-Lok Tools System:

- Single, job specific handles with patented Mag-Lok connector
- Multiple tool heads connect to any handle
- Saves Space and weight and is easily secured
- Easiest and Best "***Lifetime Warranty***" in the industry

Full Lifetime Warranty

Mag-Lok Tools, Inc. provides a limited lifetime warranty on Mag-Lok tools and handles to the original purchaser of our product. Mag-Lok tools are warranted to be free from defects in material and workmanship for the lifetime of the product subject to disclaimers and limitations set out below. During the warranty period Mag-Lok Tools, Inc. will replace the defective product or such part of the product that may be defective at Mag-Lok Tools' option. This warranty is intended to be the most comprehensive warranty in the industry.

This warranty does not cover a defect or damage resulting from abuse, misuse, neglect, use not in conformity with commonly accepted use of the tool or normal wear and tear.

If you have a claim under this warranty please email, or mail, a picture of the tool showing the damaged area of the tool, a description of how it was being used and contact information for the claimant to warranty@magloktools.com. We will send you the replacement at our expense.
