Optional Sunroom

Second Floor Option 2 - 741 sq.ft.

Optional Study

Second Floor Option 3 - 741 sq.ft.

The Huntly is the largest of the Wyngate models. The owner's suite is luxurious with its own entrance foyer opening onto an extra large 13 by 20 foot room. A separate sitting area is framed by columns and cased openings. An angled passage between two walk-in closets leads to an owner's bath with private toilet area, corner bathing tub, large shower with seat and linen closet. The great room and dining area are open to the kitchen and grouped together providing a variety of areas for entertaining and conversation. An optional sunroom adds extra space to the main level. An additional bedroom with full bath and formal living room complete the main level. As with many of the Wyngate models, the second level can be arranged in a variety of ways including a second bedroom suite.
