

We understand that you are in need of various types of planning, interior design, conceptual design and foodservice design services. **IMP** offers complete design packages with detailed documentation needed to start your projects from conceptual to completion for Casual Dining Restaurants/ Commercial Kitchens/ Bars/ Lounges & NightClub projects & Fast food. We specialize in all new construction and remodel projects.

IMP will coordinate all of your engineering efforts base on new or existing design criteria and prepare all required documentation for submittal into the local governing agencies for plan check program approvals. We do maintain a list of vendors and restaurant professional builders to assist us in estimating your project as we schedule and monitor each phase of your project's installation until its completion.

SERVICES INCLUDE:

- The latest in Interior Design resources and trends by saving you time researching new materials.
- Provides a conceptual interior design direction along with renderings, elevation studies and complete detailed documentation for construction
- Provides on-site project supervision to assure quality workmanship
- Submit comprehensive Kitchen/Foodservice design layouts through the various City agencies.
